

Strategic Intent 2022-2023

Saint Nathaniel's Academy

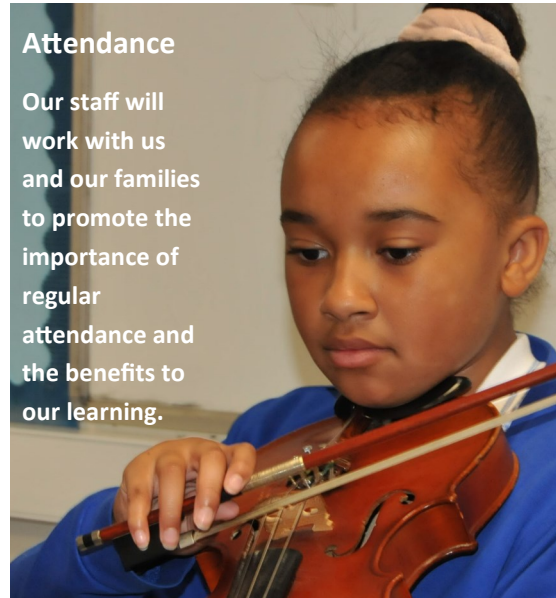

English

Our teachers will follow the Read, Write Inc Phonic Programme to teach early reading skills. This will help us to improve our reading and phonic skills and lay a solid foundation to develop a love for reading. We will be encouraged and supported to read often. Teachers will help us to build our fluency and comprehension over time.

Attendance

Our staff will work with us and our families to promote the importance of regular attendance and the benefits to our learning.

Maths

Our teachers will plan and deliver maths lessons which follow a consistent lesson structure, have high expectations for us all and help us to improve our fluency skills.

Christian Distinctiveness

Every member of the school community will understand and promote the Christian values within the school's vision in all aspects of the school's work. 'With God all things are possible' Matthew 19:26

How will we know if the plan is working?

Mrs Patrick will write a report to our Governors every term to tell them how well we are doing. Our School Council will ask the children what difference our plan is making to their learning and they will feed this information back to Mrs Patrick to include in her report to Governors.

Teaching and Learning

Helping our teachers to make sure learning and teaching is engaging for us and better than ever. Teaching will be designed to help us to acquire a wider range of vocabulary, build resilient learning behaviours, remember long term the content we have been taught and to integrate new knowledge into larger ideas.
